## EMPLOYMENT HISTORY

**Jr. Engineer**  
**Adani Solar**  
Aug 2019-Feb2020 | Mundra

Maintenance of Shorter Line in Solar cell plant.  
Plc and HMI maintenance in machines.

## PROJECTS

**Call Center Analysis in Power BI**  
may 2024 - June 2024

This project demonstrated my ability to use Power BI for comprehensive analysis of call center performance. By transforming raw data into actionable insights, I contributed to significant improvements in operational efficiency, customer satisfaction, and agent productivity. The project highlights my skills in data extraction, transformation, modeling, visualization, and delivering actionable recommendations based on data analysis.

**Global Superstore Analysis Using Power BI**  
May 2024

**Overview:** Conducted a detailed analysis of Global Superstore data to provide insights into sales performance, customer demographics, and product trends.  
**Tools:** Power BI, Excel, SQL, DAX.  
Extracted and transformed sales, customer, and product data for analysis. Developed a data model and created calculated columns and measures using DAX. Designed interactive dashboards to visualize sales performance, customer segmentation, and product trends

## INTERNSHIPS

**Data Analyst Intern**  
**I-SOFTZONE**  
FEB 2024-Present | Indore

Collected and Cleaned Large Datasets for Analysis in Power BI & SQL. Conducted Statistical Analysis & created Visualizations to Communicate Findings.Created Visualizations' & Reports to communicate Data Insights.

## Certifications

TCS NQT Test Passed With 75% in Oct 2023.

## EDUCATION
